

enlightenment can beg you...  
you are so available...  
you are so beautiful...  
so silent so still...  
no demands no questions...  
you are very interesting for enlightenment  
it will get hold of you...  
this is how enlightenment comes

when enlightenment comes to you just look the other way  
say no no not now...tomorrow...  
today i am too lazy for this experience...it is too much...  
i just want to sleep today...  
say maybe but tomorrow i will consider about it

please do not run after anything...not even after god  
god comes to you like a magnet because you are home  
you are relaxed...  
you are open...not searching  
you are perfect for that experience to flower  
it will simply flower..  
because there is no struggle...you are home...

become natural...  
natural flowering...you can call enlightenment  
i do not even want to call it anything else  
be drunk with the divine  
hell with it !

you do not know...you are drunk  
what happened to him ? you do not know...  
this is what happens actually to people who become enlightened  
what happened to you ? i do not know...  
i am just content and blissful

the word enlightenment is so ridiculous  
as if it is an achievement  
just have a nice six months holiday  
what do you think i am doing ?  
i am on an eternal holiday !!  
just one hour a day i come here  
i speak some rubbish and i go back to sleep !  
i am not saying anything special  
i am spontaneously speaking from my heart  
whether it sounds good or not...i am not concerned

the fragrance of the rose...  
is an overflowing abundance of its wholeness  
because it is natural  
and so much stillness and silence  
it is the flowering of abundance...

i have nothing to achieve...nothing to deliver...nothing to do...  
i have nothing worth that i have found  
everything that i thought was worth  
has disappeared into nothing...  
i am weightlessly sitting silently
