

this is the mistake of people in power
they think power is the thought that they can obstruct somebody
they can...but they are creating a wall
nature does not like walls
you obstruct one...you obstruct another...you keep obstructing...
you are creating a great wall of china
now to maintain that power of obstruction you need more power
then you need to keep guards at every point...
and then you need more power to see that those guards behave
power is being distributed all over the world just to maintain the obstruction

real power does not create walls
it is so powerful
it says welcome everybody i do not create walls
i have no energy because i am above it all
anybody who knows he has ultimate power is not afraid of anybody
what is the fear ?

that is why i say softness is power
invisible power is what the mystic attains to
this power is so invisible
that nothing can prevent him from reaching anywhere he wants
because neither he obstructs neither he understands obstruction
he does not create any obstruction...
whosoever he will meet there will be no wall
it is simply flowing through and through...
and this is the real mystery...
what osho calls love...the power of love...
invisible...silent...never obstructing...soft...silent...present...

when you will fall into that state and attain to your inner being...
you will understand how truth can be transmitted
it is very silent...so invisible...
you do not know the secret
it is unimaginable...unimaginable !

question *what does it mean to take sannyas ?
what is the meaning of this process taking sannyas ?*

madness !
just falling out of the mind
everything is making sense...
do not make any sense out of this
just dive into the unknown
do not make any sense out of sannyas
it is senseless madness

then the pull will come
you will not know why...what is the reason...
you just want to die
it is so overwhelming
the moth is flying...the candle is burning
it knows it is going to die but the light is so pulling
and the moth is dancing around the light
and the flame is burning
the moth goes into the flame...burns and dies
sheer madness !
absolute death !
insanity !
that is the real explanation

the moth and the flame !
this is the word osho was saying once
that the word mauth in hindi is like moth
mauth means death...moth and mauth...
the moth is searching for death

just die !
no need understand what is going to happen
be mad
not enough mad people in this world
